## BASKETBALL TEAM WINS FIVE OF ITS FIRST SEVEN GAMES

Under the coaching of Mr. Frank Reagan and Mr. Richard Hearn, the Governor Dummer five has had an unusually successful season to date, winning five and losing only two games. Partly because of the presence of such experienced and steady players as Captain Collins and Navins, forwards, and Cunningham, guard, the team struck its stride early and, except in the Wakefield game, has continued to show impressive form. The improvement of Cushman at center has been particularly pleasing, and in Deuel and Graf the coaches have found two excellent guards.

The loss of Captain Collins, who broke a bone in his foot during a practise scrimmage, would have been a serious matter earlier in the season; but Coach Reagan has seized every opportunity to develop his subs, and in last Saturday's game with Cambridge Latin School, Bill Henneberry proved himself capable of filling a regular post at forward.

A game by game account of the season will be found on page eleven of this issue.

## TABOR AND ANDOVER GAMES PROVE HIGH SPOTS OF HOCKEY SEASON

With only the Deerfield game yet to play, the Governor Dummer hockey team has a record of five victories and three defeats. Only the Lawrence Academy and the Belmont Hill games, both away, have been cancelled because of bad ice.

Captain Joe Langmaid and his team-mates had an off day in the second Brooks game but have otherwise earned the approval of their coaches, Mr. Eames and Captain Smith. Their best performances to date have been in the Andover game, which they lost 3 - 2 only in the second overtime period, and in the game with Tabor Academy, which they won 3 - 2 in a spectacular last minute rally which netted three goals.

### *Governors Open With Easy Victory Over Hampton Academy*

In the first game of the season the Governor Dummer hockey team shut out the Hampton Academy team in a ragged game on the newly enlarged Governor Dummer rink. The Governors scored four goals in the first, four in the second, and three in the final period. Captain Langmaid tallied two unassisted goals and played a great defensive game, as did

(Continued on Page Nine)

## SEVERAL HUNDRED SEE LAYING OF CORNERSTONE OF NEW MEETING-HOUSE OF BYFIELD PARISH CHURCH

On Sunday, January 25th, the Byfield Parish Church celebrated the laying of the cornerstone of the new meeting-house to replace the one destroyed by lightning last April.

This church is one of the oldest in this part of the state and has a long and historic connection with Governor Dummer Academy. The church was first established in 1702 when the first meeting-house was built. This meeting-house had the distinction of being in the three townships of Byfield, Georgetown, and Rowley at once, being built at the junction of the three. The first pastor was the Rev. Moses Hale; and Richard Dummer, the father of the Governor, was one of the leading figures in the parish. The Governor himself gave the church a silver Communion service which is still preserved.

In 1746 the meeting-house was destroyed by fire, and another built in its stead. This was also destroyed by fire in 1833, and a third church was erected which lasted until last year, when it, too, burned. The new meeting-house will be built of brick and will be practically fireproof so as to avoid the fire menace which has followed the Church for so long.

There has always been a close relationship between the parish and the Academy. By the will of Governor Dummer, the pastor of the Church is a trustee of the Academy. A large number of Byfield boys have come to the school in the past, and the parish has always been willing and eager to help in times of need. The Parsons Schoolhouse was built chiefly by the generosity of Mr. Alexander Forbes, a descendent of Theophilus Parsons and a prominent member of the parish, and there have been other examples of the same spirit.

At the laying of the cornerstone, in the absence of the Reverend Mr. James Scott of the Parish Church, the Reverend Mr. Herbert Lombard gave a Scripture reading, and the Rev. Mr. Robert E. Laite of the parent church in Rowley gave the prayer. The Rev. Mr. Frederick Harlan Page, D. D., President of the Massachusetts Congregational Conference and Missionary Society, presided over the laying of the cornerstone and was assisted by the Rev. Mr. W. O. Conrad. Among the things placed in the cornerstone were a 1930 - 31 roster of the school, a miniature of Governor

Dummer, and a copy of the December issue of *The Archon*.

The service in the Lang Gymnasium took place at two-thirty o'clock. The Academy Orchestra played a processional, and Mr. Eames welcomed everybody in a short speech. He mentioned the past connections of the school and the church and expressed a wish for their continuation. He invited everyone to tea at the Mansion House and to an inspection of the campus after the services.

The invocation was given by the Reverend Mr. Herbert Lombard of Worcester, a former pastor of the parish. A hymn was then sung by the congregation, and Miss Helen Noyes made a statement about the rebuilding—the reasons and the plans. She stated that the church was a necessity, even though there were a number of practical difficulties in the way. She stated further that \$9,000 had already been subscribed and that it was confidently expected that the goal of \$20,000 would be reached. The contract calls for completion by the last of July, but work has been started so quickly and so enthusiastically that the date may well be nearer the first of June.

After the boys of the Academy had sung the anthem, *Jerusalem*, the Reverend Mr. Page gave an address on the spiritual side of the Church. Next a very good choir, under the direction of Mr. Wallace Adams, sang a group of old anthems appropriate to the occasion. Prayer was offered by the Reverend James Hardy Ropes.

Those in charge of the ceremonies were particularly pleased by the interest shown and by the large attendance at both services. Despite the bitter cold, more than 200 people were present at the cornerstone laying; and twice that number filled the Lang Gymnasium for the second part of the program.

---

#### MANY PARENTS AND GUESTS ATTEND ANNUAL FOOTBALL BANQUET

---

The Governor Dummer football banquet held on Dec. 18, 1930 was one of the most successful in the history of the school, making a fitting climax to a very successful season. Many alumni of the school, the parents of many of the football players, and a number of people from Newburyport and from neighboring schools were guests of the Academy.

After dinner, Mr. James W. Smith, the toastmaster, spoke briefly and introduced Mr. Sauders, the football coach of Exeter, who spoke of his experiences as coach of many teams of several schools and of his contacts with several famous college coaches. Judge White, the next speaker, and the president of

the Academy's board of trustees, spoke on the history of our school.

Mr. Jacob, the football coach, commented on the great season that the team had had, and praised the spirit and sportsmanship of the players. He then presented Howard Walker with the cup for the best player of the year, praising him as one of the best field-generals he had coached. The captain for next year, Shaw Carter, was introduced amid great applause. The football letters were presented to the players, 17 major G's and 9 minor ones. Following this, the team gave Mr. Jacob a handsome wrist-watch as a token of their gratitude for the wonderful job that he had done in turning out such a good team. The final gesture of the evening was made by members of the Student Council, who presented Mr. and Mrs. Eames with a set of silver after-dinner coffee cups as a gift from the school.

The Governor Dummer Orchestra, under the direction of Mr. Sager, played during the dinner. The Glee Club also sang several selections.

---

#### JANUARY GRADES SHOW LITTLE DECLINE FROM EARLIER STANDINGS

---

Mr. Osborn P. Nash reports that the school average for January is only slightly below that for December, the best month so far, in spite of the fact that a number of boys have been absent from classes because of colds and grippe. The grades of a few boys absent during the last week of the month were reported as incomplete, but most of those who had been absent because of illness were able to make up the lost work before the grades were turned in.

Mr. Nash has announced two Honor Rolls since the last issue of *The Archon*, both of which are printed below:

##### *December Honor Roll*

First Honors	Second Honors
*David C. Tatman	*H. Shaw Carter
*William S. Johnson	*Weldon M. Ray
*Colin F. Soule	*John Young
Francis R. Kitchell	*Robert S. Ingersoll
*Thomas N. Willins	Lincoln D. Robbins
John W. Whittlesey	William Woodbury

##### *January Honor Roll*

First Honors	Second Honors
John W. Whittlesey	John Hinchman
*David C. Tatman	*Weldon M. Ray
*John Young	*Thomas N. Willins
Howard Rosenfeld	*William S. Johnson
Edmund C. Shepard	William Woodbury
*H. Shaw Carter	William Henneberry

\*Designates those boys who have been on every Honor Roll to date.

## PROFITS OF SCHOOL DANCE TO GO TO UNEMPLOYED

---

A semi-formal program dance will be held in Lang Gymnasium on March 7th, the last Saturday before the spring recess, for the benefit of the unemployed. Larry Churchill, chairman of the dance committee, announces that the dance will as usual be divided into two parts. There will be an afternoon dance, a dinner in the school dining room, and an evening dance lasting until eleven-thirty.

The committee in charge consists of Hayward Brown, H. Shaw Carter, J. Edward Heslian, Ernst Krippendorf, J. Harris Latimer, James S. Smith, Jr.

---

## MEN FROM MANY SCHOOLS SPEAK AT VESPER SERVICES

---

The Reverend Mr. David Hatch of Derry, New Hampshire, spoke to the school on the first Sunday after the Christmas vacation. His talk concerned God and His influence on us in the most petty matters.

The Reverend Mr. Frederick S. Bushmeyer from Dover, New Hampshire, was the speaker for January eighteenth. Doctor Bushmeyer has much to do with the students of the University of New Hampshire. He told the school no matter how complex life became, never to give in and never to be over-awed and smothered by the size of things.

The Reverend Henry O. Hannum spoke Sunday the twenty-fifth. He was formerly pastor of the Central Congregational Church of Newburyport, which many of the boys attend each Sunday. Reverend Hannum said that we should always keep our tempers and have self-control. For example he used the automobile, which must have excellent brakes, or eventually be smashed up, no matter how great its power.

Sunday, February first, Mr. Frank Ashburn, Headmaster of the Brooks School, one of our closest neighbors, spoke to the school. He approached the intellectual side of religion rather than the moral, and gave a history of miracles, showing us, among other things, that there are still miracles going on about us only on a broader scale. Mr. Ashburn also discussed the problem of how much religion should enter into a boys' school and told of his problems at the time when the Brooks School was founded four years ago.

Mr. Walter S. Hinchman of the Milton Academy faculty was the Sunday night speaker for February eighth. Mr. Hinchman is the father of John Hinchman of the student body and the first one of the boys' fathers to speak at Vespers. He told the school to "sit up and row" as he termed it,—how a coach of the Yale crew said to his men that when they just

couldn't pull the oar again, that was the time to "sit up and row".

On February 15 the speaker was the Rev. Charles Taylor, a teacher in the Theological Seminary in Cambridge and a graduate of Williams College. The theme of his talk was "The Isrealite box and the Philistine courage". He showed that true moral worth is sometimes found in the most unexpected places and ended by saying, "That which matters in life is not equipment but character. Character is forever winning the battle."

---

## MR. A. MACDONALD MURPHY JOINS GOVERNOR DUMMER FACULTY

---

Because of the increased registration and the consequent enlargement of some classes, it was found necessary to appoint a new master at the beginning of the winter term. The post was first filled by Mr. Theodore Frothingham of Bass River, Cape Cod; but illness forced him to resign almost immediately, and Mr. Murphy was secured to take over his work.

Mr. Murphy was born in the province of Ontario and passed most of his life in Montreal until he entered Harvard four years ago. At Harvard, where he will receive his degree in June, Mr. Murphy concentrated in English. As an undergraduate he was a member of The Falcon Club, a regular on the varsity lacrosse team, and a member of the 150 pound football team. He has also played on the Boston Lacrosse Club team.

At Governor Dummer Mr. Murphy is teaching Social Science and several classes in the Junior school, and is dormitory master in the Noyes House. He also conducts the Outing Club, a post for which he is peculiarly well fitted by his experience as a woodsman.

His appointment has freed Mr. Brodhead, Mr. Dunning, Mr. Mercer, and Mr. Nash from one class each. Mr. Dunning has thus been enabled to divide his Algebra I class into two sections of ten each, and Mr. Mercer and Mr. Nash have made use of the extra period to do the same with English II and French I respectively.

---

## ORCHESTRA AND GLEE CLUB WILL GIVE BENEFIT PERFORMANCE

---

On Friday evening, March 6th, the Governor Dummer Orchestra and Glee Club will give their first public recitals. A number of impromptu acts by the students will complete the program planned by Mr. Arthur Sager, the director of both organizations. The proceeds from this entertainment, which is sponsored by the ladies of the faculty, will be given to the Byfield Parish.

### NEW ENTRANTS AT OPENING OF WINTER TERM INCREASE TOTAL REGISTRATION TO 91

The winter term at Governor Dummer Academy opened with a small increase in registration. The new boys are as follows: John C. Healy from Manchester, N. H., is a Junior at the Academy. He previously went to the Manchester High School. Charles E. Lord from Wells, Maine, has come from the Stearn School in Mt. Vernon, N. H. He is also a freshman at Governor Dummer. Arthur Ordway from Newburyport, a day student, comes from the Newburyport High School. John Burton Sturges from Wenham, Mass., has come from Exeter and is a freshman here. John Hinchman comes from Milton Academy where his father is an English teacher. Frank Arthur Benham Jr., of Arlington, Mass., entered shortly after Thanksgiving.

Since two boys were withdrawn last term, the total registration of the school is now ninety-one.

### OUTING CLUB WILL BUILD OWN CLUB HOUSE DURING SPRING TERM

Under the supervision of Mr. Murphy the winter sports team has organized an Outing Club this year, for the first time. This Outing Club has made plans for the building of a cabin in the woods across the golf course. A suitable place has been found not more than fifteen minutes' walk from the school.

Already part of the cellar has been dug, a good many rocks have been dragged to the site of the cabin to be used in the foundation, and considerable progress has been made on the trail and the bridge. In order to get as much work done as possible, the members have been divided into four squads. Edward Hessian, the president of the Outing Club, is in charge of the squad which is digging the cellar of the cabin. Ernst Krippendorf is in charge of the squad that is dragging rocks for the foundation. Colin Soule's squad is clearing brush and working on the bridge which is being constructed across an impassible place on the trail. L. Dix Robbins is in charge of another squad which is also working on the trail and the bridge at present.

The Outing Club has great plans for the future and hopes to make even greater progress on the cabin than they have made already. When the weather has been suitable, the Outing Club has spent its time skiing, tobogganing, and skating. Most of the time, however, has been spent in constructing the bridge and working on the site for the cabin.

### NEW DORMITORY ESTABLISHED IN HOME OF MISS HELEN MCG. NOYES

Due to the increased number of boarding pupils in the school after Christmas vacation, it was found necessary to find rooms for seven more boys. Miss Helen McG. Noyes, who has long been a friend of the school, very kindly turned over a large portion of her home to be used as a dormitory. Mr. Frothingham, a new instructor, was made master in charge, but later illness forced him to leave, and Mr. A. Macdonald Murphy took his place.

The students now living in the Noyes dormitory are Philip Collins, John Healy, William Henneberry, John Hinchman, Charles Lord, Howard Navins, and Penn Pillsbury. Of these John Healy, John Hinchman, and Charles Lord are new boys; the others have been here all year but were moved to the Noyes House as a result of various room changes in the other dormitories.

### GOVERNOR DUMMER FACULTY DEFEATS ANDOVER FACULTY IN BASKETBALL

The Governor Dummer faculty basketball team defeated the Andover faculty February 11 in a game that was full of thrills from beginning to end. The final score of the game was Governor Dummer 45, Andover 38. Mr. Eames, Mr. Hearn, and Mr. Sager made the most points for the Governors, and Mr. Billhardt starred for Andover. Andover was ahead throughout the greater part of the game and it was only in the last period that they were overcome by the Governors. In that period the Governors made 11 baskets, one of them a beautiful shot by Mr. Hearn from over half the length of the floor. The others followed in such quick succession that the spectators were hardly able to follow the ball. The Governor Dummer faculty, in the last period, was invincible.

### RELAY TEAM HAS TIME TRIALS AT BOSTON COLLEGE AND ANDOVER

The relay team has been rapidly whipping into shape since the Christmas holidays. Conditioning work has proved its worth, and each boy has made marked improvement. The group as a whole was fortunate in being able to make a trip to Boston College in January to run time trials and get the "feel" of a board track. Jack Ryder, coach of the Boston Athletic Association teams and internationally known as coach of the U. S. A.'s last Olympic team, timed the boys and ex-

PERKINS HOUSE

pressed his belief that the team would make its mark. On February 11 the team had another opportunity to run on a board track when they spent the afternoon at Andover.

Mr. Sager expects to enter the team in the Bowdoin College meet and the B. A. A. relays at Boston. It is probable that Bates, Carter, and Larry Churchill will be members of the team, and from a group including Brown, Harry Churchill, McVeigh, and Segler, the fourth man and alternate will be chosen.

#### NEW WRESTLING TEAM SUFFERS TWO DEFEATS

John Young has recently been elected the captain of the first wrestling team of Governor Dummer Academy. Young, whose home is in Florence, Massachusetts, has had several years' experience in the sport, and from all indications, will make a very capable leader. He was one of the mainstays in the line of last fall's varsity football team and is also the Student Council representative of the Moody House and Editor-in-Chief of the *Milestone*, the school's year book.

After a period of preparation, the wrestlers began the season by meeting the Milton Academy team on January 29th, and were beaten, 19 - 5. The match opened with the 115 pound class. Morrill, representing Governor Dummer, was thrown by his opponent by a double arm-lock. Next, George Laite of this school defeated his adversary in the 125 pound class by means of a Half-Nelson. Terry Staples lost in the 135 pound bout by a time decision

as did Otto Thelen in the 145 pound group. Fearnside, 158 pounds, lost to his opponent, being thrown by a double arm-lock. Captain Young finally lost in the 165 pound class in a time decision after practically throwing his opponent several times.

On Saturday, February 7th, the wrestlers met the Browne and Nichols school team in their only home meet. Although they put up a very stiff battle, the Governors were defeated, 26 - 5.

As in the previous meet, the 115 pound class started the match. Morrill was thrown by Comins with a Half-Nelson. Laite, in the 125 pound bout, was thrown by Fernald by means of a Chancery and back hold. Staples, 135 pounds, was also thrown by his opponent, Woodman, by a Half-Nelson. Thelen lost to Armstrong by a time decision in a stiffly fought bout that went four minutes overtime. In the 155 pound class, Sanders threw G. Douse in the first 6 minutes of the bout. Due to a technicality in the rules he again threw his opponent in the last 4 minutes.

In the next bout, Fearnside, of the 165 lb. division, lost by a time decision to C. Douse. The bout was an extremely hard fought one, Fearnside showing a much greater amount of aggressiveness in the earlier part but being worn down by the superior strength of his adversary. Captain Young of the Governors was defeated by Captain Tenny of the Browne and Nichols team. Because the team had no heavier man, Captain Young was forced to wrestle Captain Tenny, who was 19 pounds heavier.

## A SHORTENED SPRING VACATION

Both Mr. Eames and members of the faculty have said that it may be necessary to shorten the spring vacation, which is scheduled to begin March 13 and to end April 3. This possibility is a result of the mild epidemic of the grippe which began shortly after the Christmas recess and lasted approximately three weeks. It must be borne in mind that during this time as many as four or five boys, in many cases from one third to one half of the membership, were absent from almost every class. The frequent absences made it difficult for the masters to cover the assigned ground and made it necessary to go over the work several times on the return of students from the infirmary. Often no sooner would one boy recover, than another would be taken sick.

However, in each class a certain amount of work must be done each year, and by those boys who are to take College Board Examinations, it should be completed early in June to allow time to review. Then we may easily appreciate the desire of the masters for a few more days in which to catch up.

On the other hand, the masters as well as the boys are in favor of a long spring vacation because they feel that the last two months are the hardest and that a real rest is needed before them. Indeed, this is quite true. What with preparation for yearly and College Board

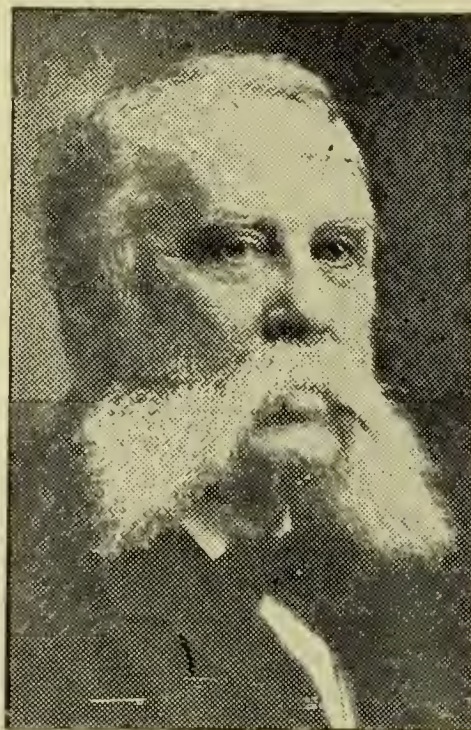

exams over and above the regular daily assignments, it is a hard pull.

Then let us all work together as one great unit and try just a little harder in order to make up for lost time and earn the right to enjoy the full spring vacation.

### JOHN W. PERKINS, EX-HEAD-MASTER, DIES AT MILTON

On January 16 John W. Perkins, a former Headmaster of Governor Dummer Academy, died in Milton, Massachusetts. Mr. Perkins, who was in his 90th year, was Headmaster of this school from 1882 to 1894.

He was graduated from Dartmouth College in 1865 and was for a while an instructor at the Phillips Andover Academy. Later he was a teacher and finally the principal of the large high school at Salem, Mass. In 1882 he was made Headmaster of Governor Dummer Academy, where he remained until he returned to Salem as the superintendent of schools in 1894.

JOHN W. PERKINS

Perkins Hall, one of the dormitories at the Academy, has been named in his honor. This building was at first the school gymnasium and was located near the center of the present campus. Then the Lang Gymnasium was presented to the school and the old structure was moved to its present site and practically rebuilt to serve as a dormitory. This year it has again been remodeled; lattice-work being placed so as to conceal the fire-escapes, green shutters placed at the windows, shrubbery planted about the building, and new furnishings installed throughout.

Mr. Eames and Mr. Nash attended the funeral services at Topsfield as representatives of the Academy.

## TABOR AND ANDOVER GAMES FEATURE HOCKEY SEASON

*(Continued from Page Three)*

Smith at the goal. Walker, the speedy center, teamed up with Eldred on the offense to score six points. Chase and Wolff scored two and one respectively to make up the Governors' total.

The game in general was rather ragged, partly because of the bad ice and partly because of insufficient practice; but the squad showed great promise and plenty of aggressiveness.

### *Amesbury Defeats Governors 3 - 1*

On Saturday, January 17, the Amesbury High School hockey team defeated the Governors here, 3 - 1. The game was slow because of bad ice which rendered pass-work almost impossible. The first period started in fine style, but the already bad ice soon became worse. The Governors seized the advantage at the start, but Amesbury recovered from their surprise, and Clark retrieved the puck after Smith had saved and lifted it past the Governors' goalie at 6.50. The Governors swarmed around the Amesbury net, but were unable to score. The second period was a shambles. The ice had taken a turn for the worse, but the play was spirited. Amesbury had the better of it and finally scored. During a melee around the Governors' net, Sanborn, the Amesbury center, smashed the puck past Smith eleven minutes after the period had started.

The Governors came out fighting in the next period, and attacked the opposing net. After a minute and twenty-seven seconds, Chase tallied for the home team. The disk was brought up the ice, and during a wild melee in front of the Governors' net the puck was driven past Smith at 5.03 while he was flat on the ice. The rest of the period was a hard fought battle near the center of the rink.

The work of Langmaid and Walker stood out for the Governors, and that of the goalie for the Amesbury team.

### *Governors Take Fast Game From Haverhill High School*

On the following Monday the Governors came back to form with a three to one victory over Haverhill High School. The Governors were the aggressors throughout the game. The first period started slowly; but after three minutes of jockeying, Walker took the puck down the left lane and beat Haverhill's goalie at three minutes. There was no further scoring in that period. The game was faster in the second period until Walker left the ice for a two minute penalty. The Governors were not showing much team work but seemed

content to stop Haverhill at the blue line. Walker returned to the ice and scored from the Haverhill blue line at ten minutes thirty-seven seconds.

The third stanza was still faster with the Governors as the aggressors. At three minutes Walker scored with a powerful drive at the enemy's goal. The Haverhill team scored its lone goal at nine minutes after the start of the period. Langmaid, Adden, and Walker played good hockey for the Governors throughout the game.

### *Governors Defeat Worcester North High by 2 - 0*

The Governors on their home ice defeated Worcester North High School on January 24 in a very close and interesting game. The ice was in much better condition than in the two previous contests and as a result the game was faster and brought out some excellent team work on the part of the Governors' forward line, which was composed of Wolff, Walker, and Eldred.

At the beginning of the first period the action was centered around the Worcester goal, but the shooting was wild. After Captain Joe Langmaid was injured while carrying the puck up the ice, the game became very close; and the play see-sawed back and forth from one end of the rink to the other. The period ended scoreless.

The second period was much the same as the first, save that the opponents' forward combination of Captain Benoit, Bates, and Anderson began to work together. The visitors slightly outplayed the home team in this period, but due to several excellent saves by Jim Smith, the Governors' goalie, they were held scoreless. Toward the close of the period Eldred received a long pass from Walker and flipped the puck into the cage. But since the whistle had just blown for an offside play, the goal did not count. The second period finished a minute later without a score having been made.

The third period started with Wolff taking a quick short pass from Mickey Walker and slamming the puck through Erickson sixteen seconds after the face-off. Thereafter the Governors took the defensive and warded off attack after attack by the fast-skating Worcester boys. In the middle of the period the Governors suffered a two minute penalty for tripping. Several seconds later a Worcester man was sent off the ice for the same offense, and another immediately followed his teammate to the box for some minor infraction. Eldred and Wolff tried desperately to take advantage of this opportunity, but failed to score. With a full team on the ice and only three men on the opposing side, Eldred carried the puck down the ice and scored on a beautiful play unassisted in 9:25.

CAPTAIN JOSEPH LANGMAID

Joseph Langmaid, son of Mr. and Mrs. John H. Langmaid of Swampscott, Mass., entered Governor Dummer Academy last September. He was a regular tackle on the football team and is President of the Student Council. As defense on the hockey team, he has been largely responsible for its success.

CAPTAIN PHILIP COLLINS

Philip Collins, Captain, forward, and high scorer of the Governors' successful basketball team, is the son of Mr. and Mrs. J. S. Collins of Holyoke. He starred as half-back on the football team and is a member of the Student Council. He plans to enter Williams next fall.

#### *Governors Defeat Brooks 3 - 0*

On Thursday afternoon, January 29th, the Brooks School hockey team came to South Byfield for the first of a two games series. Since a snow storm was in progress, the players of both teams were unable to do any efficient passing. This slowed the game up considerably and made team play quite impracticable.

The Governors were much stronger than the Brooks outfit and gained a 2 - 0 lead within five minutes of play. Chase slipped the puck into the net at 2.16 on a pass from Walker. Two minutes later Langmaid scored again on a pass from Walker. From then until the middle of the final period Brooks held the Governors by effective sweep and poke checking. The forwards were continually getting deep into the Brooks territory, but were quickly covered by the opponents. Finally, after nine minutes and eight seconds of the third period, Walker scored on one of his characteristic solo dashes. Three minutes later the game ended without further scoring.

#### *Governors Score Thrice in Last Period to Beat Tabor Six*

On January 30 the Governors went to Marion to play the strong Tabor Academy team. After trailing for almost the entire game, they came from behind in the last two minutes of play to tally three goals in quick succession and snatch the victory from the Tabor Academy team by the score of three to two.

The Tabor boys got an early start when Gammons on a solo trip made a hard shot which beat Smith. In the second period Captain Thompson of the Tabor team drove a hard one through Goalie Smith to make the count two to nothing. The offensive work of the Governors was rather slow during the first two periods. Walker and Langmaid both had fine scoring opportunities; but hasty and inaccurate shooting and some fine saves by Billings kept the Governors scoreless until nearly the end of the third period.

In just sixty-six seconds of actual playing time the Governors staged a most sensational

comeback, driving the disk three times into the enemy's goal. The first score was made possible through the efforts of Captain Langmaid and a beautiful pass from Mickey Walker. Following the face-off, Walker carried the puck down the right lane. After a brief scrimmage at the blue line, Chase took the loose rubber and drove home a clean shot to beat goalie Billings and even the count.

Again after the face-off, Walker took the puck and fired it at the Tabor goal. Because of his haste Billings allowed the rubber to slip between his feet for the score that gave the Governors victory.

Captain Thompson of Tabor made plenty of trouble for the Governors throughout the game, and Billings at the goal showed that he was master of the situation except for the last few minutes.

#### *Governors Bow to Andover in Overtime Period*

Wednesday, February 4, the hockey team journeyed to Andover where they encountered the strong Phillips Andover sextet. The first period opened slowly with each of the teams playing cautiously, waiting for the other to make the first move. Langmaid and Walker made many solo dashes during the first period and Capt. Joe Langmaid counted after a beautiful shot from the corner by Chase.

The second period was marked with many attempts by Andover to score, which they succeeded in doing when Wheeler, unassisted, beat goalie Hosmer from directly in front of the cage. The period ended with the score evened. Directly after the face-off of the third period, Walker took the puck on a solo, out-circled the entire Andover team and unassisted made the count two and one. The Andover team made a terrific comeback, and Foreman, just before the whistle to end the game, made an unassisted shot which evened the score. Both teams played even hockey during the first overtime, Capt. Langmaid, Walker, and Eldred making desperate attempts to break through, but to no avail. In the second overtime, Walcot of Andover pierced the defense and counted. The game ended, the Governors being unable to score again.

#### *Governors Lose Return Game at Brooks School 4 - 2*

Saturday, February 7th, the hockey team went to the Brooks School at North Andover, handicapped by the absence of two of its star performers, Mickey Walker, the flashy center, and Jim Smith, the regular goalie. After three minutes of play, Jackson of Brooks made a long shot through Shepard, the inexperienced goalie for the Governors. Directly after the face-off Langmaid went up the ice and took two terrific shots at the opponents'

net but failed to score. Just before the period, Marvel of Brooks slipped an easy one past Shepard for the second score of the game. In the second period Brooks scored once and Wolff of the Governors beat the opponents' goalie after an excellent pass from Captain Joe Langmaid. Exactly five minutes after this score, Marvel again counted for Brooks. In the last period the Governors showed more determination, and the game was much faster with Langmaid and Chase making dashes up the ice in a desperate attempt to score. At 9.20 Wolff again scored by an assist from Langmaid, who had taken the puck up the ice on a solo dash. The game ended without further scoring.

#### BASKETBALL TEAM HAS IMPRESSIVE RECORD

---

#### *Governors Open With Victory Over Haverhill Continuation School*

The Governors opened their basketball season on Jan. 17 with a 57 - 20 victory over the Haverhill Continuation School. The Haverhill team was much smaller than that of the Governors and consequently there can be little comparison between them. The final score of the game was Governor Dummer 57, Haverhill Continuation School 20. The work of Cunningham and Collins for the Governors was outstanding. As the game was very uneven Coach Reagan sent in his subs at the beginning of the second period. The score at the half was 25 to 10 in favor of the Governors. The Governors' first team returned in the third period and remained for the rest of the game, and the contest soon turned into a rout with the Governor Dummer team shooting one basket after another. The Haverhill team was completely outplayed.

#### *Governors 37, Massachusetts Nautical 33*

In the second game of the season the spectators found plenty of thrills. A fast team from the Nautical School landed in Governor Dummer and nearly swept the Governors off their feet. The passing of both teams was extremely fast, but the Nautical School team gained the lead in the beginning of the game and kept it until there were but two minutes to play. At the end of the third quarter the score was 25 to 20. As the game wore on, the Governors became more and more desperate, but it was only in the last two minutes that they were able to make enough baskets to gain the lead. The final score of the game was Governor Dummer 37, Massachusetts Nautical 33.

The work of Collins under the basket and Cunningham on the defense was very noticeable. Both teams showed fine pass work, but the Nautical School was most successful with

long shots. The Governors left the floor feeling that they had played against a very hard team. There were very few fouls; both teams played a clean game in every sense of the word.

*Governors Defeated by Wakefield Y. M. C. A.*

On January 28 the Governor Dummer Five was beaten in a very close game by the Wakefield Y. M. C. A. The Governors played a hard game and were in the lead throughout the greater part of it. Swiftly and cleverly the Governors scored point after point. At the beginning of the third period they were leading with a score of 20 to 12. The visitors then started a fierce attack and wiped out the home team's lead. Near the end of the period the Governors managed to regain the lead again. In the fourth period first one team and then the other was ahead. With but three minutes to play, Wakefield broke through and scored twice, taking the lead 34 to 30. Navins succeeded in getting one more basket for the Governors before the end of the game. The final score was 34 to 32 in favor of Wakefield. The Wakefield team had a beautiful passing attack and also sank several long shots.

*Governor Dummer Five Swamps Rindge Tech*

In an exciting game on the 31st of January, the Governor Dummer Five won a decided victory over the Rindge Technical School of

Cambridge, leader of the Surburban Basketball League. The final score was 50 to 27. The Governors presented a very strong offensive attack and completely bewildered the visitors with their passing and scoring offensive. Captain Phil Collins of the Governors made 11 baskets. Cunningham and Cushman both scored freely.

Rindge Tech, which has victories over Everett, Newton and Lawrence, was outplayed throughout the game. Only once was the outcome of the game dubious. That was in the third period when Rindge Tech started an attack that the Governors, for a few minutes, were unable to stop, and which reduced the latter's lead to a few points. The Governors, however, soon outdistanced their opponents and stayed ahead throughout the rest of the game. The Governors were very free with substitutions and nearly every man had a chance to play.

*Governors 61, Peabody High School 25*

On February 7 the Governors continued their winning streak at the expense of Peabody High School, beating them by a score of 61 to 25. The visitors came to Governor Dummer with a reputation and a record which promised a much closer game than actually developed. The Governors' beautiful passing attack, so fast that the spectators had diffi-

culty in following the ball, made the game extremely one sided. The score at the half stood Governors 33, Peabody 13. Throughout the game the Governors managed to keep the score 20 or more ahead. The subs went in in the fourth period and played hard. The Governor Dummer team played its best throughout the game, and the work of Collins, Cunningham, and Navins was a pleasure to watch. Cunningham led the scoring with 22 points from the floor.

*Governors Win from Lawrence Academy  
in Last Period*

In their first game away from home the Governor Dummer five defeated the Lawrence Academy team by the score of 34 to 30. Lawrence gained the lead in the first part of the game and stayed ahead until the last period. The Governors went into the fourth period with a firm determination to win. With but a few minutes to play, they gained the lead and held it until the end of the game. Navins clinched the game for the Governors in the last moment of play with a beautiful basket from mid-court. Captain Collins was the leading scorer of the evening. Cushman, at center, held the tap throughout the game and came through with 6 points to

help the Governors. Navins and Cushman aided greatly in the downfall of the Lawrence team by splendid floor work and shooting.

*Captain Collins Lost To Governors For  
Remainder of Season*

Handicapped by the loss of Captain Collins, who broke a bone in his foot during Friday's practise, the Governors faced a hard game with the Cambridge Latin School on Saturday, Feb. 15, and beat them 29 - 11. Throughout the entire game the Governors held the lead by only a few points. Several times the spectators expected to see Cambridge flash into the lead. Both teams played a fast game and Cambridge seemed just a little faster than the Governors, who were not able to pass near the Cambridge basket and were forced to make most of their points on long shots. Bill Henneberry was the star for the Governors throughout the evening, making four long shots and playing a good game at forward. Cunningham, shifted to forward until called upon to relieve Cushman at center, accounted for many of the Governors' points. Navins, acting captain, played his usual steady game.
